Subject: Consent Decree Civil Action 80-73699

Gentlemen:

Following are the analytical results taken from Riverview on September 6, 1984. The lab work was completed by our Analytical Research Department here at Wyandotte.

<u>Test</u>	<u>Field Blank</u>	<u>Ditch</u>	<u>South Pond, #1</u>	<u>South Pond, #2</u>
Arsenic, ppm	<0.02	0.16	0.33	0.26
Mercury, ppm	<0.01	0.53	<0.01	<0.01
Pentachlorophenol, ppb	<10	56	<10	18
Benzo(a)pyrene, ppb	<10	<10	<10	<10
Naphthalene, ppb	<10	<10	<10	<10
PCBs, ppb	<10	<10	<10	<10

The less than numbers represent none detected at these detection limits.

Notice is also given for completion of the following projects at the Riverview site.

1. Pursuant to Section V.A.3. of the Consent Decree, BASF Wyandotte Corporation certifies the Shoreline Stability measures have been completed.

Mr. Leonard Lipinski, MDNR
Mr. John Dikinis, USEPA

- 2 -

September 26, 1984
